# Restricted Substance Policy Statement

pSemi Corp, a Murata company, is a leading fabless provider of high-performance, radio frequency integrated circuits, or RFICs. It is our Policy to provide our customers with quality products that comply with worldwide Environmental Restricted Substance requirements in order to protect persons and prevent the contamination of the environment.

pSemi products, with the exception of High Reliability products, comply with the following restricted substance requirements and additional voluntary standards referenced below:

- European RoHS Directive 2011/65/EU and amendment 2015/863
- European REACH Regulation (SVHC – 253 Substances)
- European PFOS Directive
- European Atom Directive concerning radioactive substances
- California Prop65 Safe Drinking Water and Toxic Enforcement Act of 1986
- Arsenic Free – (<100 ppm)*
- Halogen Free – IEC 61249-2-21
- Antimony Trioxide Free – (<1000 ppm)
- Support JIG 101 Disclosure of Reportable, Restricted and Banned Substances
- Support IPC-1752 Material Declaration Format
- Conflict Minerals rule Dodd-Frank Wall Street Reform and Consumer Protection Act – EICC Reporting Template

pSemi products do not require the use of any RoHS Directive exemptions nor contain any REACH Regulation Substances of Very High Concern above the reporting threshold limit of 1000 ppm at the article level.

We are committed to providing our customers with documentation supporting our restricted substance claims. Further questions or documentation requests should be addressed to your pSemi Sales, Customer Service representative or at our website http://www.psemi.com/.

Regards,

Gregory McMahon

Snr Director Corporate Quality & Reliability
